COMMUNITY DIRECTOR UPDATE OCTOBER 1, 2026

COMMUNITY NEWS

Help Protect Our Island's Native Wildlife

You can make a difference in protecting Hawaii's unique natural habitat. Hatchling sea turtles and young seabirds can become disoriented by artificial lighting at night. By turning off unnecessary outdoor lights and closing curtains or blinds after dark, you help create a safer environment for these important native species.

Interested in supporting environmental conservation efforts on base? We'd love to have you involved. Call the Environmental Office at (808) 496-7000.

Stay Connected With Maintenance Updates

Your Resident Service Office is here to help. For updates on maintenance requests, contact the office at (808) 470-5400, option 2, Monday through Friday, from 8:00 AM to 5:00 PM. Our team is happy to assist and provide the latest information on the status of your service request.

Friendly AC Maintenance Reminders

- Change your air filters monthly and every two weeks if you have pets.
- Vent registers should be dusted and cleaned regularly to prevent dust and debris buildup.
- Fan should be set to Auto.
- Thermostat should be no lower than 72 degrees to ensure proper function and humidity levels.

HUNT RESIDENT APP

Download the Hunt Resident App to easily enter work orders, confirm your contact information, and ensure you are receiving all of our communication. Be sure to also opt in to receive text messages.
